Party Affiliation: Democratic
Phone: 907-942-2826
Occupation: Pharmacist
Mailing Address: 1712 E Rezanof, Kodiak, AK, 99615

- 1. Would you support a bill in line with HB 42, sponsored by Rep. Tammie Wilson, that would require a conviction before an alaskan's property could be permanently seized for violating the law?**

Response:
Yes

- 2. Do you support net neutrality or the requirement that internet providers must equally enable access to all content and websites?**

Response:
Yes, and I think the governor should make an executive order that companies will not get state contracts if they do not follow net neutrality rules.

- 3. Do you agree that Alaskans have the right to speak out on political issues and elections and that this right includes their ability to use their personal resources to amplify that speech?**

Response:
I do not support PAC's and Super PAC's and think that only individuals should be allowed to donate to politicians, and be subject to the max contribution limit.

- 4. What is your position on Voter ID and what information must be provided to register to vote or cast a ballot on election day?**

Response:

Voter ID laws sound fine in theory, but are designed to suppress the vote of minorities and people who are poor in order to keep them from voting (who tend to vote democratic). Also, voter fraud is incredibly rare. Though I would support digital photographs, or allowing people without ID to use a provisional ballot (that will be verified)

5. Do you support allowing election day voter registration?

Response:

Absolutely. I also think there should be automatic voter registration at 18, or upon becoming a US citizen

6. Do you support allowing voters to automatically update their information when they apply for the PFD?

Response:

Yes

7. Do you support a statewide non-discrimination ordinance to protect LBGTQ Alaskans from being fired from their jobs, denied access to housing, or refused services on the basis of their sexual orientation or gender identity?

Response:

Yes

8. Do you support parental notification laws that deny women under the age of 18 access to abortion without the consent of an adult?

Response:

No

9. Do you support Real ID, or the federalization of DMV documents?

Response:

No

10. Do you believe state and local law enforcement should be using facial recognition technologies on the general public?

Response:

No

11. What is your position on the Internet Privacy Act? Do you believe the State of Alaska should act to return privacy protections overturned by President Trump on a federal level in 2017?

Response:

Yes

12. As marijuana has been made legal for purchase for adults over the age of 21 in Alaska, would you support removing prior convictions for marijuana related offenses that are no longer crimes from publically accessible legal databases?

Response:
Yes
